- 3890 Sheridan Drive –Amherst (*at Sheridan & Harlem in the Dent Tower*)
- 5965 Transit Road – East Amherst (*at Transit Road & Clarence Center Road*)
- 1751 Sheridan Drive – Kenmore/Tonawanda (*at Sheridan Drive & Delaware Road*)
  - 4827 Transit Road – Depew (*in front of Kohl's at Jessica Lane*)
- 3245 Southwestern Boulevard – Orchard Park (*at the Five Corners, next to Taffy's*)
- 3190 Niagara Falls Boulevard – Amherst/NT (*between Tonawanda Creek & East Robinson Roads*)
  - 921 Wayne Street – Olean (*between N.8<sup>th</sup> & N.9<sup>th</sup> Streets*)
  - Extended Hours Ambulatory Center – *Roswell Park Cancer Institute*
  - 899 Main Street – Buffalo Niagara Medical Campus (*opening March 2016*)
    - 1340 Military Road – Niagara Falls (*opening May 2016*)

MASH sites include CLIA-certified laboratories, digital imaging and fully-equipped treatment & examination rooms. Physicians are supported by Advanced Practice Providers, RNs and radiology technicians. Learn more at [www.mashurgentcare.com](http://www.mashurgentcare.com).

MASH offers a competitive compensation plan including salary, paid-time-off, CME allowance, benefits stipend, paid life insurance, 401K with match and paid professional liability insurance.

Ideal candidates will be board certified in an ABMS-recognized specialty (Family Medicine/ Emergency Medicine) and proficient with procedures such as laceration repair, splinting, removal of foreign objects, incision & drainage; skilled at interpreting x-rays and lab results and able to stabilize critically ill patients for transport. ACLS certification required; PALS certification preferred.

MASH Urgent Care is a key component of the MASH Care Network; a group of synergistic businesses designed to support and augment the MASH Urgent Care model. These include MASH Emergency Services, MASH Hospitalist Services, MASH Medical Solutions and MASH Transportation. This network, combined with MASH's reputation for providing best-in-class patient care that is both convenient and cost-effective, improves patient access to the right care, at the right place and time, and at the lowest possible cost.
